Refreshed COVID-19 Guidance For Individuals

The Governor's OURS (Open Up and Recover Safely) Plan for opening Oklahoma's economy has COVID-19 guidance for individuals:

- Be 'safer at home' if over age 65 or in vulnerable health.
- Keep a 'social distance' of six feet from others when in public.
- Avoid socializing in groups that do not readily allow for social distancing.
- Wash hands frequently.
- Avoid touching the face before proper handwashing.
- Consider using face coverings while in public.

CDC Protocol on Face Masks

- Cloth face coverings of the nose and mouth supplement social distancing and hand-washing.
- The mask is not intended to protect the wearer but may prevent the wearer from transmitting the virus to others.
- This would be especially important in the event someone has the virus but does not have symptoms.
- Face coverings are a necessity while at the hospital and clinic. They are provided at the entrance.
