## We Salute Our Primary Care Providers On National Doctors' Day (And Every Other Day)

Since 1991, March 30 has been designated by Congress as National Doctors' Day.

We honor the primary care providers of our hospital and clinic for their service to the people of Love County and, in the words of the presidential proclamation, "the sympathy and compassion of physicians in ministering to the sick and in alleviating human suffering."

*Established 1972*

*By and For the People of Love County*  
Richard Barker, Administrator

*The Small-Town Hospital with the Big Heart*
